

Ipswich 161

The Far Right are getting a bit too comfortable in our area.

Ipswich Anti-Fascist Action is a natural response.

We are community members confronting Far Right Bigotry and Divisiveness.

We are committed to **Freedom, Equality** and building a more **Inclusive Community**.

We use a variety of creative tactics (including but by no means limited to Direct Action) that everyone can engage in, no matter age or ability.

For more information or to get involved contact us via email at IpswichAFA@gmail.com
